GANG FIGHTS IN NEW YORK.

Three men were dangerously wounded and 20 others more or less severely hurt early yesterday in the most serious "gang fight" which has occurred in New York city in many years. Police reserves in military formation charged on the rioters and put an end to the disturbance only after 100 shots had been fired. According to the police reports, four gangs of roughs participated and for fully half an hour fought hand to hand with revolvers, sticks, stones and any other weapons which were available.

The fight was precipitated when the members of the Bear Athletic Club, after a dinner in a Tenth avenue beer garden, began to leave the resort shortly after midnight. While the banquet was in progress the roughs from rival organizations had gathered at a neighboring street corner. According to the police, the "Gophers," the "Jungle Gang" and the "Hounds of Hell," all organizations with which the officers of the law had had experiences, were represented in the mob at the corner.

With the appearance of the Bear Club diners the fight commenced. With yells, curses and shouts the warring gangsters threw themselves upon their rivals. Then some one fired a revolver and in an instant gun play was the order of the hour. The fighting continued at irregular periods until the appearance of the police reserves.

Whenever a gangster was felled he was unmercifully beaten and kicked. The entire neighborhood was thrown into panic. Many of the injured were carried off by their companions before the arrival of the police. Fully 125 men were still engaged in the battle when the reserves reached the scene. A half dozen arrests were made.

Soreness of the muscles, whether induced by violent exercises or injury, is quickly relieved by the free application of Chamberlain's Liniment. This liniment is equally valuable for muscular rheumatism, and always affords quick relief. Sold by W. F. Creighton and Richard Gibson.

HE SAYS HE SAW TWO MOONS.

Two moons are what David Campbell, of Page county, avers he saw a few nights ago.

Campbell, a very reputable and trustworthy man, was aroused from slumber about 3 o'clock by some unusual noises around his premises. The moon at that hour was lying far to the south and was shining brilliantly. Casting his eye to the east, trying to locate the noise that had broken his slumber, Mr. Campbell was startled by the appearance of a second moon just above the horizon.

Mr. Campbell says he could not have been mistaken in his lunar observations and that for some time he stood gazing first at one moon then at the other. Several weeks ago the letters "N. C." and a perfect cross were seen in the eastern heavens about dark by a number of citizens of Page county, and this latter spectacle seen by Mr. Campbell has contributed no little to the discomfort of the superstitious, and they are ready to charge the phenomena to all kinds of diabolical things that will soon be visited upon the valley.

BUTCHERS TO DECLARE WAR.

Lower prices of meats will be brought about if the plans of the United Butchers of America are put into successful operation. The retailers declare that the packer is to blame for the high prices of meats and now plan to prove it by eliminating that individual entirely. John H. Schofield, secretary of the butchers' national organization, says an attempt will be made at the convention in Chicago, August 15 to 19, to organize and establish independent co-operative abattoirs, rendering plants and tanneries, and he expects arrangements to be made for trying the experiment in Chicago.

"The question has been under consideration for some time and we now feel certain that the project will go through," he said. "This move will enable the retail butchers to operate independently. We propose to kill all our cattle and to market the by-product. With the great profit that would accrue from the by-products we would be able to retail meat to the consumer at least 50 per cent cheaper than the prices now asked and still make a healthy profit."

DR. CRIPPEN ABOARD!

A wireless message received at Montreat yesterday afternoon from the steamship Montrose via the station at Point Armour, on the Straits of Belleisle, 500 miles below Father Point, announced the presence on board of the ship of Dr. Hawley Harvey Crippen. The message read:

"Dr. Crippen, wanted in London for the murder of Belle Elmore, the actress, is on board."

No mention was made in the dispatch of Ethel Clare Le Neve, the young

woman who is supposed to have left England with Dr. Crippen.

A wireless message was received at Father Point, Quebec, yesterday from the captain of the Montrose. It was addressed to the Colonial government, Ottawa, and was immediately forwarded under the closest secrecy. It is reported, apparently on good authority, that the captain said he had absolutely no controvertible evidence that the suspect on board was Dr. Crippen, and asked for instructions.

THE CHOLERA IN RUSSIA.

The extent of the cholera epidemic is revealed in figures made public in St. Petersburg yesterday by the Russian government sanitary commission. The stricken region now includes 42 provinces and territories of European Russia and since the outbreak of the disease last May there have been a total of 37,052 cases, with 16,651 deaths.

Recently there has been a startling increase in the number of victims. During the week ending July 25 no less than 13,374 cases were reported and of these 5,970 terminated fatally. Sometime ago the scourge made its appearance in the city and for the past fortnight there has been a daily average of 40 cases and 12 deaths in the capital. Wednesday there were 54 cases and 14 deaths reported there. In the local hospitals there are 514 cholera suspects, including 38 children.

MASQUERADES ARRESTED.

The county detective bureau yesterday astonished Pittsburg, Pa., by announcing that an alleged gambling camp, raided last Wednesday night, was a colony of women dressed in men's clothing, the whole outfit being supported by rich young men of Pittsburg, who visited the place nightly in their automobiles.

Some male visitors, found when the police swooped down on the tented village on the banks of the Ohio, about 6 miles below Pittsburg, were arrested. Four women dressed as men were brought before the authorities at Pittsburg Wednesday night, but were released after the detectives had learned all about them and had exacted their promise to appear at a hearing to be held early next week.

Detective McMillan, who arrested Henry Dickey and three other men who gave names thought to be fictitious, said that the revelations will make a sensation. He declares he has the male garments worn by the women, and the owners' names are stamped on all the clothing.
